

We know the fight against COVID-19 continues. That's why we are still taking precautions to protect our guests and team members. Here are the key health and safety guidelines currently in place:

- Masks are optional. Fully vaccinated guests do not need to wear a mask. Unvaccinated guests are strongly encouraged to wear masks, but they are not required to do so.
- Smoking is allowed in the casino.
- Our redesigned gaming floor is still in place to ensure reasonable physical distancing.
- We continue to sanitize surfaces continually and thoroughly.
- Hand sanitizer and wipes will continue to be readily available throughout our facility.
- Our valet service is suspended for the time being.
- We encourage everyone to wash their hands from time to time with soap and water.
- We continue to provide adequate space between tables in our restaurant.
- We ask that all guests and team members cover their cough or sneeze.
- We are kindly asking that our guests stay home when they are not feeling well.
- Guests showing obvious indications that they may be ill may be asked to leave.

We thank you for your cooperation, patience, and consideration!
